**REPORT OF AUDIT OF FINANCIAL STATEMENTS**

**FOR THE YEAR ENDED DECEMBER 31, 2019**

## **INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and  
Members of the City Council  
City of Absecon  
Absecon, New Jersey 08201

### **Report on the Financial Statements**

We have audited the accompanying statements of assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the City of Absecon, in the County of Atlantic, State of New Jersey, as of December 31, 2019 and 2018, and the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis, statement of expenditures - regulatory basis, and statement of general fixed asset group of accounts - regulatory basis for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

### *Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America*

As described in note 1 to the financial statements, the financial statements are prepared by the City on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

### *Adverse Opinion on Accounting Principles Generally Accepted in the United States of America*

In our opinion, because of the significance of the matter discussed in the “*Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America*” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the City of Absecon, in the County of Atlantic, State of New Jersey, as of December 31, 2019 and 2018, or the results of its operations and changes in fund balance for the years then ended.

### *Opinion on Regulatory Basis of Accounting*

In our opinion, the financial statements referred to previously present fairly, in all material respects, the assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the City of Absecon, in the County of Atlantic, State of New Jersey, as of December 31, 2019 and 2018, and the results of its operations and changes in fund balance - regulatory basis of such funds for the years then ended, and the revenues - regulatory basis and expenditures - regulatory basis of the various funds, and general fixed asset group of accounts - regulatory basis, for the year ended December 31, 2019, in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in note 1.

## **Other Matters**

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The supplemental statements and schedules presented for the various funds, as listed in the table of contents, are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and are not a required part of the basic financial statements.

The supplemental statements and schedules presented for the various funds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental statements and schedules described in the previous paragraph are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2020 on our consideration of the City of Absecon, in the County of Atlantic, State of New Jersey, internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Absecon's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Absecon's internal control over financial reporting and compliance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and  
Members of the City Council  
City of Absecon  
Absecon, New Jersey 08201

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, of the City of Absecon, in the County of Atlantic, State of New Jersey, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated September 30, 2020. That report indicated that the City of Absecon's financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America, but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Absecon's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Absecon's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Absecon's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Absecon's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**CITY OF ABSECON**  
Notes to Financial Statements  
For the Year Ended December 31, 2019

---

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Description of Financial Reporting Entity** - The City of Absecon (hereafter referred to as the "City") was incorporated in 1902. The City has a total area of approximately six square miles and is located in eastern Atlantic County, New Jersey. The City borders Atlantic City, the City of Pleasantville, Galloway Township, and Egg Harbor City. According to the 2010 census, the population is 8,411.

The City is governed under the Mayor-Council form of government, where the seven-member council is elected from wards and is the legislative body of the City. The Mayor is chosen through a separate election and is the Chief Executive Officer of the City. The City employs an administrator who is responsible for the day-to-day operations.

**Component Units** - The financial statements of the component units of the City are not presented in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, as amended. If the provisions of the aforementioned GASB Statement, as amended had been complied with, the financial statements of the following component units would have been either blended or discretely presented with the financial statements of the City, the primary government:

Absecon Public Library  
305 New Jersey Avenue  
Absecon, New Jersey 08201

Annual financial reports may be inspected directly at the offices of these component units during regular business hours.

**Measurement Focus, Basis of Accounting and Financial Statement Presentation** - The financial statements of the City contain all funds and account groups in accordance with the *Requirements of Audit* (the "*Requirements*") as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the *Requirements* are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these *Requirements*. In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this note.

In accordance with the *Requirements*, the City accounts for its financial transactions through the use of separate funds and an account group which are described as follows:

**Current Fund** - The current fund accounts for resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

**Trust Funds** - The various trust funds account for receipts, custodianship, and disbursement of funds in accordance with the purpose for which each reserve was created.

**General Capital Fund** - The general capital fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the current fund.

**Sewer Utility Operating and Capital Funds** - The sewer utility operating and capital funds account for the operations and acquisition of capital facilities of the municipally owned sewer operations.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd) -**

**General Fixed Asset Group of Accounts** - The general fixed asset group of accounts is utilized to account for property, land, buildings, and equipment that have been acquired by other governmental funds.

**Budgets and Budgetary Accounting** - The City must adopt an annual budget for its current and sewer utility funds in accordance with N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval, and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the City's financial statements.

**Cash, Cash Equivalents and Investments** - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost; therefore, unrealized gains or losses on investments have not been recorded. Investments recorded in the trust fund for the City's length of service awards program, however, are stated at fair value.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

The cash management plan adopted by the City requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

**Interfunds** - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the current fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Inventories of Supplies** - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

**General Fixed Assets** - Accounting for governmental fixed assets, as required by N.J.A.C. 5:30-5.6, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and *Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Part 200, §200.12), except that the useful life of such property is at least five years. The City has adopted a capitalization threshold of \$5,000.00, the maximum amount allowed by the Circular. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at acquisition value as of the date of the transaction. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the capital funds until such time as the construction is completed and put into operation. The City is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements, and transfers of fixed assets. In addition, a statement of general fixed asset group of accounts, reflecting the activity for the year, must be included in the City's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that include accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of Federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage, or theft.

**Utility Fixed Assets** - Property and equipment purchased by a utility fund are recorded in the utility capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not represent replacement cost or current value. The reserve for amortization and deferred reserve for amortization accounts in the utility capital fund represent charges to operations for the cost of acquisition of property and equipment, improvements, and contributed capital.

**Foreclosed Property** - Foreclosed property is recorded in the current fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the general fixed asset group of accounts. If such property is converted to a municipal use, it will be recorded in the general fixed asset group of accounts.

**Deferred Charges** - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

**Liens Sold for Other Governmental Units** - Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the governmental unit net of the costs of the initial sale. The related costs of sale are recognized as revenue when received.

**Fund Balance** - Fund balances included in the current fund and sewer utility operating fund represent amounts available for anticipation as revenue in future years' budgets, with certain restrictions.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Revenues** - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from federal and state grants is realized when anticipated as such in the City's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the City's current fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the City which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

**Property Tax Revenues** - Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. The amount of tax levied includes not only the amount required in support of the City's annual budget, but also the amounts required in support of the budgets of the County of Atlantic, and the City of Absecon School District. Unpaid property taxes are subject to tax sale in accordance with the statutes.

**School Taxes** - The City is responsible for levying, collecting, and remitting school taxes for the City of Absecon School District. Operations is charged for the amount required to be raised by taxation to operate the local school district for the period from July 1 to June 30, increased by the amount deferred at December 31, 2018 and decreased by the amount deferred at December 31, 2019.

**County Taxes** - The municipality is responsible for levying, collecting, and remitting county taxes for the County of Atlantic. County taxes are determined on a calendar year by the County Board of Taxation based upon the ratables required to be certified to them on January 10 of each year. Operations is charged for the amount due to the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations is charged for the County share of added and omitted taxes certified to the County Board of Taxation by October 10 of the current year, and due to be paid to the County by February 15 of the following year.

**Library Taxes** - The municipality is responsible for levying, collecting and remitting library taxes for the Absecon Public Library. The amount of the library tax is a separate local levy tax and is remitted to the Library through the municipal budget.

**Reserve for Uncollected Taxes** - The inclusion of the "reserve for uncollected taxes" appropriation in the City's annual budget protects the City from taxes not paid currently. The reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

**Expenditures** - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid. However, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with N.J.A.C. 5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; whereas interest on utility indebtedness is on the accrual basis.

**Appropriation Reserves** - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments, or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as income.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Long-Term Debt** - Long-term debt, relative to the acquisition of capital assets, is recorded as a liability in the general capital and utility capital funds. Where an improvement is a "local Improvement", i.e. assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the trust fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

**Compensated Absences and Postemployment Benefits** - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

**Note 2: CASH AND CASH EQUIVALENTS**

**Custodial Credit Risk Related to Deposits** - Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits might not be recovered. Although the City does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled agency funds such as salary withholdings, bail funds, or funds that may pass to the municipality relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized.

As of December 31, 2019, the Borough's bank balances of \$11,869,235.20 were exposed to custodial credit risk as follows:

Insured by FDIC and GUDPA	\$ 11,786,571.11
Uninsured and Uncollateralized	<u>82,664.09</u>
Total	<u>\$ 11,869,235.20</u>

**Contributions**

**Public Employees' Retirement System** - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. The rate for members who are eligible for the Prosecutors Part of PERS (P.L. 2001, C. 366) was 10.0% in State fiscal year 2019. Employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

The City's contractually required contribution rate for the year ended December 31, 2019 was 13.15% of the City's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

**Note 8: PENSION PLANS (CONT'D)****General Information about the Pension Plans (Cont'd)****Contributions (Cont'd)**

The State's contribution amount is based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability.

*Special Funding Situation Component* - Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation, which legally obligates the State, is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a *special funding situation* as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the Plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the local participating employers related to this legislation.

The City's contractually required contribution rate for the year ended December 31, 2019 was 28.46% of the City's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2019. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	<b><u>PERS</u></b>	<b><u>PFRS</u></b>

**Note 8: PENSION PLANS (CONT'D)****Actuarial Assumptions (Cont'd)**

For PERS, pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2019.

For PFRS, pre-retirement mortality rates were based on the Pub-2010 Safety Employee mortality table with a 105.6% adjustment for males and 102.5% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Safety Retiree Below-Median Income Weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For beneficiaries (contingent annuitants), the Pub-2010 General Retiree Below-Median Income Weighted mortality table was used, unadjusted, and with future improvement from the base year of 2010 on a generational basis. Disability rates were based on the Pub-2010 Safety Disabled Retiree mortality table with a 152.0% adjustment for males and 109.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2019.

For PERS and PFRS, in accordance with State statute, the long-term expected rate of return on Plan investments (7.00% at June 30, 2019) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS' and PFRS' target asset allocation as of June 30, 2019 are summarized in the following table:

<b><u>Asset Class</u></b>	<b><u>Target Allocation</u></b>	<b><u>Long-Term Expected Real Rate of Return</u></b>

**Note 8: PENSION PLANS (CONT'D)****Actuarial Assumptions (Cont'd)**

**Discount Rate** - The discount rate used to measure the total pension liability at June 30, 2019 was 6.28% for PERS and 6.85% for PFRS. For both PERS and PFRS, the respective single blended discount rates were based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.50% as of June 30, 2019, based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 70% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the Plans' fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057 for PERS and 2076 for PFRS. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2057 for PERS and 2076 for PFRS, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

**Sensitivity of City's Proportionate Share of Net Pension Liability to Changes in the Discount Rate**

**Public Employees' Retirement System (PERS)** - The following presents the City's proportionate share of the net pension liability at June 30, 2019, the Plan's measurement date, calculated using a discount rate of 6.28%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	<b>PERS</b>		
	<b>1% Decrease (5.28%)</b>	<b>Current Discount Rate (6.28%)</b>	<b>1% Increase (7.28%)</b>
City's Proportionate Share of the Net Pension Liability	<u>\$ 3,950,419.00</u>	<u>\$ 3,127,404.00</u>	<u>\$ 2,433,897.00</u>

**Police and Firemen's Retirement System (PFRS)** - As previously mentioned, PFRS has a special funding situation, where the State of New Jersey pays a portion of the City's annual required contribution. As such, the net pension liability as of June 30, 2019, the Plan's measurement date, for the City and the State of New Jersey, calculated using a discount rate of 6.85%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used is as follows:

	<b>PFRS</b>		
	<b>1% Decrease (5.85%)</b>	<b>Current Discount Rate (6.85%)</b>	<b>1% Increase (7.85%)</b>
City's Proportionate Share of the Net Pension Liability	\$ 10,182,093.00	\$ 7,533,164.00	\$ 5,340,794.00

	<u>\$ 11,789,865.00</u>	<u>\$ 8,722,665.00</u>	<u>\$ 6,184,116.00</u>

**Note 8: PENSION PLANS (CONT'D)****Pension Plan Fiduciary Net Position**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension (benefit) expense, information about the respective fiduciary net position of the PERS and PFRS and additions to/deductions from PERS and PFRS' respective fiduciary net position have been determined on the same basis as they are reported by PERS and PFRS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about PERS and PFRS, please refer to the Plan's Comprehensive Annual Financial Report (CAFR) which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

**Supplementary Pension Information**

In accordance with GASBS 68, the following information is also presented for the PERS and PFRS Pension Plans. These schedules are presented to illustrate the requirements to show information for 10 years; however, until a full 10-year trend is compiled, this presentation will only include information for those years for which information is available.

**Note 9: LENGTH OF SERVICE AWARDS PROGRAM**

**Plan Description** - The City's length of service awards program (the "Plan"), which is a defined contribution plan reported in the City's trust fund, was created by a City Resolution adopted on August 17, 2000 pursuant to Section 457(e)(11)(B) of the Internal Service Code of 1986, as amended, except for provisions added by reason of the length of service award program as enacted into federal law in 1997. The accumulated assets of the Plan are not administered through a trust that meets the criteria of paragraph 4 of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*.

The voters of the City approved the adoption of the Plan at the general election held on November 7, 2000, and the first year of eligibility for entrance into the length of service awards program by qualified volunteers was calendar year 2001. The City's Plan was amended by City Ordinance adopted on September 6, 2007 and approved by the voters at the general election held on November 6, 2007. The Plan provides tax deferred income benefits to active volunteer firefighters and emergency medical personnel, and is administered by Lincoln National Life Insurance Company ("Plan Administrator"), a State of New Jersey approved length of service awards program provider. The City's practical involvement in administering the Plan is essentially limited to verifying the eligibility of each participant and remitting the funds to the Plan Administrator.

The tax deferred income benefits for emergency service volunteers of the City of Absecon Volunteer Fire Department and the Absecon VFW Volunteer Ambulance Squad, come from contributions made solely by the governing body of the City, on behalf of those volunteers who meet the criteria of the Plan created by that governing body. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**Note 9: LENGTH OF SERVICE AWARDS PROGRAM (CONT'D)**

**Plan Amendments** - The City may make minor amendments to the provisions of the Plan at any time, provided, however, that no amendment affects the rights of participants or their beneficiaries regarding vested accumulated deferrals at the time of the amendment. The Plan can only be amended by resolution of the governing body of the City, and the following procedures must be followed: (a) any amendment to the Plan shall be submitted for review and approval by the Director of Local Government Services, State of New Jersey (the "Director") prior to implementation by the City's governing body, provided, however, that any amendment required by the IRS, may be adopted by the City's governing body without the advance approval of the Director (although such amendment shall be filed with the Director); (b) the documentation submitted to the Director shall identify the regulatory authority for the amendment and the specific language of the change; and (c) the City shall adopt the amendment by resolution of the governing body, and a certified copy of the resolution shall be forwarded to the Director. The City may amend the Plan agreement to accommodate changes in the Internal Revenue Code, Federal statutes, state laws or rules or operational experience. In cases of all amendments to the Plan, the City shall notify all participants in writing prior to making any amendment to the Plan.

**Contributions** - If an active member meets the year of active service requirement, a length of service awards program must provide a benefit between the minimum contribution of \$100.00 and a maximum contribution of \$1,150.00 per year. While the maximum amount is established by statute, it is subject to periodic increases that are related to the consumer price index (N.J.S.A. 40A:14-185(f)). The Division of Local Government Services of the State of New Jersey will issue the permitted maximum annually.

The City elected to contribute between \$454.51 and \$1,393.83 for the year ended December 31, 2019 per eligible volunteer, into the Plan, depending on the awarding and accumulation of points as outlined by City Ordinance. Participants direct the investment of the contributions into various investment options offered by the Plan. The City has no authorization to direct investment contributions on behalf of eligible volunteers nor has the ability to purchase or sell investment options offered by the Plan. The types of investment options, and the administering of such investments, rests solely with the Plan Administrator.

For the year ended December 31, 2019, the City's total expenditure to the Plan was \$12,877.78.

**Participant Accounts** - Each participant's account is credited with the City's contribution and Plan earnings, and charged with administrative expenses. For the year ended December 31, 2019, the City elected to pay substantially all of the Plan's administrative costs. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The City has placed the amounts deferred, including earnings, in an account maintained by a third-party administrator for the exclusive benefit of the Plan participants and their beneficiaries. The contributions from the City to the Plan, and the related earnings, are not irrevocable, and such funds are not legally protected from the creditors of the City. These funds, however, are not available for funding the operations of the City.

**Vesting** - The City, in accordance with N.J.S.A. 40A:14-188 and N.J.A.C. 5:30-11.63 may make a yearly contribution to the length of service awards program account in the deferred income program for an active volunteer who has satisfied the requirements for receipt of an award, but the volunteer shall not be able to receive a distribution of the funds until the completion of a five year vesting period or be in accordance with changes to vesting conveyed through the issuance of a Local Finance Notice and/or publication of a public notice in the New Jersey Register, with payment of that benefit only being as otherwise permitted by the Plan.

**Payment of Benefits** - Upon separation from volunteer service, retirement or disability, termination of the Plan, participants may select various payout options of vested accumulated deferrals, which include lump sum, periodic, or annuity payments. In the case of death, with certain exceptions, any amount invested under the participant's account is paid to the beneficiary or the participant's estate.

In the event of an unforeseeable emergency, as outlined in the Plan document, a participant or a beneficiary entitled to vested accumulated deferrals may request the local plan administrator to payout a portion of vested accumulated deferrals.

**Forfeited Accounts** - For the year ended December 31, 2019, no accounts were forfeited.

**Investments** - The investments of the length of service awards program reported in the trust - other funds on the statements of assets, liabilities, reserves, and fund balance - regulatory basis are recorded at fair value.

**Plan Information** - Additional information about the City's length of service awards program can be obtained by contacting the Plan Administrator.

**Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS****General Information about the OPEB Plan**

**Plan Description and Benefits Provided** - The City does not provide postemployment benefits to its retirees, however, the State of New Jersey (the "State") provides these benefits to certain City retirees and their dependents under a special funding situation as described below.

The State of New Jersey, on-behalf of the City, contributes to the State Health Benefits Local Government Retired Employees Plan (the "Plan"), which is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The Plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

The Plan provides medical and prescription drug to retirees and their covered dependents of the participating employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

**Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)****General Information about the OPEB Plan (Cont'd)**

**Plan Description and Benefits Provided (Cont'd)** - In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

**Contributions** - The funding policy for the OPEB plan is pay-as-you-go; therefore, there is no prefunding of the liability. However, due to premium rates being set prior to each calendar year, there is a minimal amount of net position available to cover benefits in future years. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are collected from the State of New Jersey, participating local employers, and retired members.

*Special Funding Situation Component* - The State of New Jersey makes contributions to cover those employees eligible under Chapter 330, P.L. 1997, as disclosed below. Local employers remit employer contributions on a monthly basis. Retired member contributions are generally received on a monthly basis. Partially funded benefits are also available to local police officers and firefighters who retire with 25 years of service or on disability from an employer who does not provide coverage under the provisions of Chapter 330, P.L. 1997. Upon retirement, these individuals must enroll in the OPEB plan.

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80% of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Therefore, the City is considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Since the City does not contribute under this legislation directly to the Plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the City is required disclose:

- a) the State's proportion (percentage) of the collective net OPEB liability that is associated with the City,
- b) the State's proportionate share of the collective net OPEB liability that is associated with the City, and
- c) the State's proportionate share of the OPEB (benefit) expense that is associated with the City.

The amount of actual contributions to the OPEB Plan made by the State, on-behalf of the City, is not known, however, under the Special Funding Situation, the State's OPEB (benefit) expense, on-behalf of the City, is \$110,560.00 for the year ended December 31, 2019 representing 5.06% of the City's covered payroll.

**Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)****OPEB Liability and OPEB (Benefit) Expense**

**OPEB Liability** - At December 31, 2019 the State's proportionate Share of the Net OPEB liability associated with the City is \$8,340,851.00. The net OPEB liability was measured as of June 30, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2018, which was rolled forward to June 30, 2019.

The State's proportion of the net OPEB liability, on-behalf of the City, was based on the ratio of the plan members of an individual employer to the total members of the Plan's special funding situation during the measurement period July 1, 2018 through June 30, 2019. For the June 30, 2019 measurement date, the State's proportion on-behalf of the City was .0150946% which was a decrease of -.007415% from its proportion measured as of the June 30, 2018 measurement date.

**OPEB (Benefit) Expense** - At December 31, 2019, the State's proportionate share of the OPEB (benefit) expense, associated with the City, calculated by the Plan as of the June 30, 2019 measurement date, is \$110,560.00. This on-behalf (benefit) expense is not recognized by the City because of the regulatory basis of accounting as described in note 1.

**Actuarial Assumptions**

The actuarial assumptions vary for each plan member depending on the pension plan in which the member is enrolled. The actuarial valuation at June 30, 2019 used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate	2.50%
Salary Increases *	
PERS:	
Not Applicable Under Special Funding Situation	
PFRS:	
Rate for all Years	3.25% to 15.25%
* Salary Increases are Based on Years of Service Within the Respective Plan	

PFRS mortality rates were based on Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2019.

Actuarial assumptions used in the July 1, 2018 valuation were based on the results of the PFRS experience study prepared for July 1, 2013 to June 30, 2018.

100% of active members are considered to participate in the Plan upon retirement.

All of the Plan's investments are in the State of New Jersey Cash Management Fund ("CMF"). The New Jersey Division of Investments manages the CMF, which is available on a voluntary basis for investment by State and certain non-State participants. The CMF is considered to be an investment trust fund as defined in GASB Statement No. 31, *Certain Investments and External Investment Pools*. The CMF invests in U.S. Government and Agency Obligations, Commercial Paper, Corporate Obligations and Certificates of Deposit. Units of ownership in the CMF may be purchased or redeemed on any given business day (excluding State holidays) at the unit cost of value of \$1.00. Participant shares are valued on a fair value basis. The CMF pay interest to participants on a monthly basis.

**Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)****Actuarial Assumptions (Cont'd)**

**Discount Rate** - The discount rate used to measure the OPEB Liability at June 30, 2019 was 3.50%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

**Health Care Trend Assumptions** - For pre-Medicare medical benefits, the trend is initially 5.7% and decreases to a 4.5% long-term trend rate after eight years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2020 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.5% and decreases to a 4.5% long-term trend rate after eight years.

**Sensitivity of the net OPEB Liability to Changes in the Discount Rate**

As previously mentioned, the OPEB Plan has a special funding situation where the State of New Jersey pays the City's contributions for certain eligible employees. As such, the proportionate share of the net OPEB liability as of June 30, 2019, the Plan's measurement date, calculated using a discount rate of 3.50%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used, is as follows:

	<b>1% Decrease <u>(2.50%)</u></b>	<b>Current Discount Rate <u>(3.50%)</u></b>	<b>1% Increase <u>(4.50%)</u></b>
State of New Jersey's Proportionate Share of the Net OPEB Liability Associated with the City	<u>\$ 9,644,146.00</u>	<u>\$ 8,340,851.00</u>	<u>\$ 7,281,752.00</u>

**Sensitivity of the net OPEB Liability to Changes in the Healthcare Cost Trend Rates**

The net OPEB Liability as of June 30, 2019, the Plan's measurement date, using a healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rate used, is as follows:

	<b>1% Decrease <u></u></b>	<b>Healthcare Cost Trend Rates <u></u></b>	<b>1% Increase <u></u></b>
State of New Jersey's Proportionate Share of the Net OPEB Liability Associated with the City	<u>\$ 7,038,651.00</u>	<u>\$ 8,340,851.00</u>	<u>\$ 10,002,027.00</u>

**Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)****OPEB Plan Fiduciary Net Position**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB (benefit) expense, information about the respective fiduciary net position of the State Health Benefits Local Government Retired Employees Plan and additions to/deductions from the Plan's respective fiduciary net position have been determined on the same basis as they are reported by the Plan. Accordingly, contributions (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about the Plan, please refer to the Plan's Comprehensive Annual Financial Report (CAFR) which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

**Supplementary OPEB Information**

In accordance with GASB No. 75, the following information is also presented for the State Health Benefits Local Government Retired Employees Plan. These schedules are presented to illustrate the requirements to show information for 10 years; however, until a full 10-year trend is compiled, this presentation will only include information for those years for which information is available.

The amount of actual contributions that the State made on-behalf of the City is not known.

**Other Notes to Supplementary OPEB Information****Changes in Benefit Terms**

In 2019, there were slight changes to the Chapter 48 provisions.

**Changes in Assumptions**

In 2019, the discount rate changed to 3.50% from 3.87%, and there were changes in the assumed health care cost trend, PPO/HMO future retiree elections, and excise tax assumptions. Further, decrements, salary scale, and mortality assumptions were updated based on the July 1, 2013 - June 30, 2018 PFRS experience study. For mortality related to PFRS members and retirees, the Pub-2010 "Safety" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2019 was used.

In 2018, the discount rate changed to 3.87% from 3.58%, there were changes in the census, claims and premiums experience and a decrease in the assumed health care cost trend and excise tax assumptions.

In 2017, the discount rate changed to 3.58% from 2.85%.

**Note 11: COMPENSATED ABSENCES**

Under the existing policy of the City, full-time employees are entitled to accumulate annual unused sick leave and vacation days. Unused sick leave may be accumulated and carried forward to the subsequent year. Vacation days not used during the year may be accumulated and carried forward, but the carry-forward is limited to the equivalent of one year's accrued vacation days.

The City compensates employees for unused sick leave and vacation days upon termination or retirement. For unused sick leave, however, the current policy provides one compensated day for every two days accumulated.

The City has established a compensated absences trust fund to set aside funds for future payments of compensated absences. At December 31, 2019, the balance of the fund was \$293,209.57. It is estimated that, at December 31, 2019, accrued benefits for compensated absences are valued at \$670,845.83.

**Note 12: DEFERRED COMPENSATION SALARY ACCOUNT**

The City offers its employees a deferred compensation plan in accordance with Internal Revenue Code Section 457, which has been approved by the Director of the Division of Local Government Services. The Plan, available to all full time employees at their option, permits employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death, or unforeseeable emergency.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the City or its creditors. Since the City does not have a fiduciary relationship with the Plan, the balances and activities of the Plan are not reported in the City's financial statements.

**Note 13: CAPITAL DEBT**

The following schedule represents the City's summary of debt for the current and two previous years:

**Note 15: RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

**Joint Insurance Pool** - The City is a member of the Atlantic County Insurance Pool Joint Insurance Fund. The Fund provides the City with the following coverage:

Workers' Compensation and Employer's Liability  
Crime Coverage  
Property - Blanket Building and Grounds  
General and Automobile Liability  
Cyber Liability

Environmental Impairment Liability coverage is provided to the Fund's member local units by the Fund's membership in the New Jersey Municipal Environmental Risk Management Fund.

Contributions to the Fund, including a reserve for contingencies, are payable in two installments and are based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Banking and Insurance may order additional assessments to supplement the Fund's claim, loss retention, or administrative accounts to assure the payment of the Fund's obligations.

The City's agreement with the Pool provides that the Pool will be self-sustaining through member premiums and will reinsure through the Municipal Excess Liability Joint Insurance Fund, which is an insurance pool formed by all the other joint insurance funds.

For more information regarding claims, coverages and deductibles, the Fund publishes its own financial report for the year ended December 31, 2019, which can be obtained on the Fund's website:

Atlantic County Municipal Joint Insurance Fund  
[www.acmjif.org](http://www.acmjif.org)

**Note 16: CONTINGENCIES**

**Grantor Agencies** - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the City expects such amount, if any, to be immaterial.

**Note 17: CONCENTRATIONS**

The City depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the City is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

**Note 18: SUBSEQUENT EVENTS**

**Authorization of Debt** - Subsequent to December 31, the City authorized additional bonds and notes as follows:

<u>Purpose</u>	<u>Adoption</u>	<u>Authorization</u>
<b>General Improvements</b>		
2020 Road Improvement Program	05/21/20	\$ 126,350.00
Acquisition of Property and Construction of Firehouse	05/21/20	278,000.00

**Debt Issuance** – Subsequent to December 31, on July 14, 2020, the City issued \$11,455,000.00 of general improvement bonds dated July, 30, 2020, with interest rates ranging from 2.00% to 4.00%. The proceeds of the bonds was used to payoff the City's \$6,683,145.00 bond anticipation note which matured on July 31, 2020 and to fund various capital ordinances. The final maturity of the bonds is July 15, 2045.

**COVID-19** - On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the City's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the City is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for calendar year 2020.
